

# RHM - CLUB

*Volunteering, Internship & Research*

## PROJECT

DEVELOPMENT OF RHM CLUB AT THE  
TECHNICAL INSTITUTIONS IN RURAL AREAS

---

## How do I start?

---

- Participate in the survey – This will help us understand more about the ground realities
- once you are selected, Obtain an RHM Registration – It is to check your compatibility with Our Ethos and Code of Practice. Submit the form by selecting the type of engagement as “Short term engagement” and by paying a one time registration fee of Rs.500.

---

## Volunteer with us !

---

You will begin your journey as a volunteer and will be responsible for:

- Developing all the necessary communication material
- Develop the Standard Operating Procedures (SOPs)
- Conducting surveys among students to understand the ground realities.
- Coordinating with the college to collaborate with TGG
- Setting the grounds ready to start the RHM Club
- 

Note: The minimum online volunteering period is 6 months. Certificates will be issued to all volunteers who have successfully completed the activities assigned to them.

Contact us.

Visit: [www.tggfct.org](http://www.tggfct.org)

---

## INTERN WITH US!

---

Selective students who are shortlisted during their volunteering term will be offered a paid Internship. During your Internship you will be accountable for :

- Enrolment of students in the RHM Club
- Selection of Team leaders
- Implementing the activities
- Establishing a Responsible and Accountable system for monitoring the activities of the club.

Note: Internships are conducted for a minimum duration of one year.

---

## RESEARCH WITH US!

---

Following the successful completion of your internship, you will be able to pursue your interests by researching a specific domain that you have identified during your volunteering and Internship period. The said research project must be in line with TGG's Sustainable Rural Development Goal to qualify for the fellowship. Students who have demonstrated excellent performance in their respective discipline during their internship period are eligible to submit a detailed project report to the selection committee.

Note: The fellowship will be granted to the most creative and environmentally friendly initiative. Initially for one year, with the option to extend for another year.
